PHARMACOLOGICAL CLASSIFICATION:

D. 32.16 (Other) Western Herbal.

DISCIPLINE OF MEDICINE:

Immune strengthening nutritional supplement.

PHARMACOLOGICAL ACTION:

Immuno Armour KIDS is a natural immune strengthening nutritional supplement. It's unique ingredient Epicor, comprises of dozens of nutrients that work together to help strengthen the immune system. In other words, it acts like a multivitamin for the immune system. Immuno Armour KIDS supports a strong immune system that appropriately responds to daily challenges. Immuno Armour KIDS has also been shown to support year-round respiratory health. Immuno Armour KIDS helps build a strong immune system by significantly increasing Natural Killer Cell activity and antioxidant protection within 2 hours of consumption and over time helps increase sIgA antibodies, which are important for mucosal health. Laboratory studies also suggest that Immuno Armour KIDS acts as a prebiotic, nourishing the beneficial bacteria in your gut.

INDICATIONS:

Immuno Armour KIDS is a natural immune strengthening nutritional supplement.

CONTRA-INDICATIONS:

Immuno Armour KIDS is contra-indicated to children who may be or are known to be hypersensitive to the ingredient.

WARNINGS AND SPECIAL PRECAUTIONS:**See CONTRA INDICATIONS**
